

The diagram illustrates the relationships between various entities in the Partnership system. The entities are organized into several sections:

- Network:** Includes `Network` and `SchoolLink`.
- CoreInductionProgramme:** Includes `CoreInductionProgramme` and `PupilPremium`.
- School:** Includes `School` and `SchoolLocalAuthority`.
- LocalAuthority:** Includes `LocalAuthority`.
- User:** Includes `User` and `InductionProgramme`.
- ParticipantProfile:** Includes `ParticipantProfile` and `TeacherProfile`.
- NPQCourse:** Includes `NPQCourse`.
- NPQApplication:** Includes `NPQApplication`.
- NPQContract:** Includes `NPQContract`.
- ParticipantDeclaration:** Includes `ParticipantDeclaration` and `DeclarationState`.
- Finance:** Includes `Finance::Schedule`, `Finance::Statement`, and `Finance::Milestone`.
- Analytics:** Includes `Analytics::ECFPParticipant` and `Analytics::ECFSchool`.

The diagram shows a complex web of associations and generalizations between these entities, representing the data model for the Partnership system.
